

LEICESTERSHIRE & RUTLAND HOCKEY ASSOCIATION

Ethics and Behaviours

It is the expectation of Leicestershire and Rutland Hockey that everyone linked to them, in whatever role will create an environment of care and respect which will lead to enjoyment for all. Leicestershire and Rutland Hockey Association follows the England Hockey Good Practice Guidance. For further information please see SafeGuard on the England Hockey website.

We hope to create an environment of inclusivity and mutual respect for everyone. We hope to create an atmosphere of grace in winning, dignity in losing and showing respect towards umpires in their decisions both on and off the field of play. We need to be positive in our approach to whatever we face.

We endeavor to keep everyone safe and to create an honest environment where everyone acts with integrity. We need to also show perseverance and resilience to always give hockey a good name.

It is important to us that we uphold these values in all roles within the Association, this is as committee members, players, officials, parents/carers and supporters, as what we do off the pitch reflects how the players and officials respond on the pitch.

The key areas are;

Being inclusive - everyone is made welcome from any background.

Care - taking care of one another and for the places where we play.

Fairplay - we respect our teammates, our opposition and the officials.

Respect - we always stand up for what is right in a respectful way.
